## MEDICINES INVENTORY LIST – 2011 Summer Mission Trips

- It is **MANDATORY** that each summer mission team emails the RAM office by **MARCH 25, 2011** the Medicine Inventory List of all the medicines they will bring to Romania! The RAM office email address is: [ramusa@dcr.net](mailto:ramusa@dcr.net).
- **The Romanian government accepts only TYPED inventory lists!** Please do not email the RAM office hand written lists! All the fields of the inventory list have to be completed as shown in the included sample list!
- **No medicines that expire before AUGUST 2012 can be taken to Romania by the summer mission teams!**  
**Taking medicines that expire before August 2012 is illegal and can result in incarceration!**
- In order to get permission from the Romanian government to introduce the medicines in the country of Romania, RAM has to file the donation paperwork through the Diaconia Medical Center in Braila. That means that all the medicines will become, by donation, Diaconia's property. Therefore, **all the leftover medicines need to be sent without exceptions to the Braila medical clinic!**
